

Control, security and efficiency

EPSON[®]
EXCEED YOUR VISION

Empowers you to monitor outlay, volume and key metrics from an individual, departmental and company level.

1 Complete control

3 Secure printing, scanning and copying environment

5 Server-based solution

2 Intuitive user interface

4 Enhanced productivity, environmental goals and efficiency

6 Powerful administrative tools

Enhance productivity

Personalise the user interfaces to specific employee profiles so they spend less time looking for the right functions. Using the 'scan and send to me' feature, increases productivity by sending an email with the scanned document attached to the authenticated user at the touch of a button.

Secure device use

Protects your devices by, creating a secure printing, scanning and copying environment. Employees are identified using ID cards, typed login credentials or a pin code.

Reduce waste

Documents are only printed once the user releases the job at a compatible device. This eliminates the most common cause of print waste – forgetfulness – while simultaneously enhancing security.

Control and monitor costs

With built-in cost-saving rules that can be activated in seconds. EPA puts you in control. Create customised reports to conduct specific analysis, or choose from a wide range of reporting methods to best display your data.
